

# WanaZiwi Newsletter nr. 2

WanaZiwi creates economic opportunities for & together with a group of deaf women in Tanzania.

## Welcome

Dear friends of WanaZiwi! Hereby our second newsletter. It is published a bit later than hoped for. The main reason for this is the internet connection in Tanzania. This is not so reliable as we are used to. Therefore, we cannot give a recent update from Nienke. In the meanwhile, it is already two months ago that the first newsletter of WanaZiwi was published and many things happened. In the Netherlands, two girls joined our team. Rosanne and Danica will introduce themselves in this newsletter.

Furthermore, you can read a story of Haw, about the recent activities in Dodoma. She is one of the seven women introduced to you in the former newsletter.

Unfortunately, we cannot give recent information from Nienke but we will certainly provide it to you by the end of January. Since Nienke will be back in the Netherlands by then.

*Enjoy reading and comments are more than welcome!*

Congratulations Hawa!

Dear Friends of WanaZiwi! My name is Danica Finger, I am 22 years old and a second-year student of International Relations at the RUG. When I heard about WanaZiwi and the truly amazing story of this seven women I immediately wanted to contribute something to the sequel of this story. Like the saying: "There is no need to give people fish if they do not know how to fish on their own" I believe in people helping themselves and I am glad that I can support these women in accomplishing something on their own.

Best, Danica Finger
