WanaZiwi on their own: Foundation WanaZiwi

So far the project WanaZiwi was part of the student organization SIFE. We had great start and many possibilities to grow within this organization. However, after 2 years and rounding off our studies in Groningen, it was time for the next step. WanaZiwi on their own! This meant the establishment of a dependent foundation! We are proud to announce that **Foundation WanaZiwi** is a fact.

After several visits to the notary, we put our signatures on 31 October 2011 officially under the WanaZiwi articles of Association. From now on the Foundation WanaZiwi is a fact and we have obtained the AMBI status. Making all donations tax deductible.

In addition to a new Foundation, new account number, KvK-number, and e-mail address, we still have big news. WanaZiwi has its own **website!**

www.wanaziwi.nl. We are looking forward to hearing the responses to the website and want to ask you to help us to promote our website to tell all your family and friends about the website, thank you in advance.

In this newsletter we will report about the first sale of WanaZiwi products on the Ladies Fair in Nijeveen. You can also read an update on the progress of the construction of the sewing workshop in Dodoma. And Nienke brought a lightning visit in October to the project.

Thanks, Alyanne and Nienke.

'The possibilities of this project are limitless'
